OVERVIEW

1. In the history of IIT Guwahati , till date there were no such websites which focuses on the academics issues of the students .
2. Here comes the existence of our website which completely devotes towards the academic problems of the students.
3. It is an interactive web portal which have discussion forums, filtered content and a lot more interesting features that will boost up the performance of students during examinations.

FEATURES

➤ Web platform-

- ❑ User Friendly
- ❑ Easily accessible

➤ Centralised material database-

Relevant books, Lecture Slides, Notes, Previous Years Papers and Tutorials with solutions will be available.

➤ Content Sharing-

It is an open platform for all users to share their notes , link for reference .

➤ Mentors for guidance-

Mentors will be available for any kind of academic help . Mentors will be paid for interacting with students & helping them in academics .

➤ Discussion Forum-

Students and Mentors can discuss about the different resources and references from where the students can study . Mentors will also screen the content for main topics .

➤ Content Screening-

Rating and review option will be available , which would filter the content.

PROBLEMS FACED-

1. Chaos before Exam-

Before exams students are in lots of pressure , as there is lots of syllabus to cover .

2. No Strategy-

Students are not well aware of the important topics and the smart way to approach them.

3. No guidance before examinations-

Lack of awareness of content of new courses , so there arises a question . How to study it ??

4. Lack of quality reference and study materials-

Excess of study material on the internet creates a lot of confusion among the students.

SOLUTION – OUR WEBSITE...

1. Precise study material which includes articles and videos. All the contents in the website are well organised and arranged in a user friendly manner.
2. For last minute crammers we provide important points in a concise way.
3. Senior students will be available as mentors for guidance.
4. Centralised material database will provide all the study material.
